"WE TRANSFORM LIVES"

PROSPECTUS

# FROM THE DESK OF THE PRESIDENT

Dear Parents,

The COVID-19 Pandemic that is raging all around calls for immediate attention to the safety of students. The administration, faculty and staff of LAC will work together to put in place and maintain high standards of health and safety measures so that your children are safe. The cooperation of both students and parents is solicited at this time.

True education is the harmonious development of the physical, mental, social, and spiritual dimensions of a student. Our vision is to provide your child/children quality all-round development and provide an academic environment that will propel students to achieve academic success.

Aristotle said, "Educating the mind without educating the heart is no education at all." Career building is as important as character building. Learning based on ethical values promotes empathetic compassion, good conduct, a deep commitment to social responsibility and enables them to demonstrate a high standard of moral and personal integrity.

The world is changing at a lightning speed. Today, traditional methods are being replaced by technology and we at LAC are putting in efforts to adapt to the latest technology and teaching methods to impart knowledge. We put the student experience at the heart of all we do because we believe a student is an important component of the society and the future workforce. We coach them on the importance of skill upgradation and how to quickly fit in to the emerging new order while retaining moral standards.

Academic excellence is the focus of Lowry Adventist College. No effort is spared in providing students a conducive learning environment to excel. They are adequately equipped to succeed in the modern world. Our coursework is both contemporary and futuristic. Students are given ample opportunities to interact with industrial houses and institutions in various fields to enrich their learning experience. Guest lectures and seminars are organised regularly to guarantee quality up-to-date course work.

Lowry Adventist College has highly qualified, skilled, and experienced faculty who model balanced ethical lives. Our teachers and professors go beyond the call of duty to mentor students. The teaching faculty demonstrate scholarship by engaging in research, consulting, and by keeping themselves abreast with the latest developments in their respective fields.

A distinguishing feature of the academic landscape of this institution is the variety of courses offered for the student to choose from. Mostly the case study method, using latest trends in the commercial sector to deal with various situations, is utilized.

The goal of the Postgraduate and Undergraduate programs is to provide each student with an exceptional learning experience that prepares them to thrive in the global job market and specially focusses on:

- Equipping students with the required conceptual, interpersonal, social and soft skills for astute managerial decision making and implementation
- Encouraging entrepreneurial capabilities in students to make them effective change agents
- Fostering intellectual flexibility and setting benchmarks in ethical conduct when managing leadership roles
- Nurturing in students the motivation to set high standards of excellence in managerial life
- Preparing students for a life of service and to be successors of traditional and non-traditional business firms, educational and medical ministries
- Lowry Adventist College is nationally recognised. Graduates of LAC are in great demand and its alumni have been placed in elevated positions in reputed firms. Along with academic achievements we also help with the emotional and spiritual development of the students. We endeavour to instil values, prepare them to meet diverse societal needs of the nation, and help them contribute to the sustainable development of the world now and for generations to come.

It is our prime duty to give every child holistic education and train them on how to meet challenges posed by modern world. The administration of Lowry Adventist College invites parents to enrol your child in this institution and feel the difference in all aspects of your child's life. Students: Come join us, you will be blessed and prepared to make a difference in the world!

**G. Nageshwar Rao, Ph.D.**

President, Lowry Educational Institutions

# MESSAGE FROM THE PRINCIPALS

Dear Parent & Student,

Heartiest Greetings!

I am delighted to welcome you to this vibrant institution of learning. Our endeavour at Lowry Memorial College is to provide a platform where our students can take up opportunities and challenges to do the things that they are capable of and rise above their potential in all the curricular and co-curricular activities. We have a great mission ahead, in helping our students to learn and enable them to manifest what they have learnt for the betterment of society.

Our college education does not merely focus on quantification of knowledge. But it focuses on the quality of holistic education that moulds the character of our students. We are here to help, guide and direct you to your ultimate educational and career goals.

Welcome to this great institution of higher learning. I assure you of a nurturing, caring environment that will transform you into an empowered and sensitive human being. Join us to be an integral part of this thrilling journey of endless opportunities at LMC. My good wishes to you.

God Bless.

**Prof. W. G. John Calvin**  
Principal, Lowry Memorial College

Dear Parent & Student,

Welcome to Adventist College of Nursing!

"Higher than the highest human thought can reach is God's ideal for his children's godliness. Godlikeness is the goal to be reached".

**Ellen G. White**

Adventist College of Nursing aims to instill in student's genuine human and spiritual value; a genuine concern for the well fare of others, commitment to truth and justice, academic excellence and all-round development of one's personality to meet situation in life.

We the faculty have been given the noble commission of educating, monitoring, training and nurturing the young people to become an asset to the nation and to humanity at large. To prepare them for the joy of service to God and man.

**Prof. Carolina Sangeetha**  
Principal, Adventist College of Nursing

# ABOUT US

Lowry Memorial College and Group of Institutions is situated on a large, spacious and serene campus at Dooravaninagar, in the beautiful city of Bengaluru, Karnataka. It is situated strategically having proximity to the National High way No. 4 and opposite to K. R. Puram Railway Station. This Institution is run by the Seventh-day Adventist Church Organisation which runs thousands of schools, colleges, universities and orphanages across the world.

Lowry Memorial College and Group of Institutions were established in the year 1915 by a noted philosopher and educationist Elder Gentry G. Lowry of the Seventh-day Adventist Church. In the years that followed, this institution underwent a gradual metamorphosis to become one of the premier Educational Institutions in Bengaluru. During the course of its century old heritage, new units were added to the growth of this institution like Teachers Training Institute (Diploma in Education) in the Year 1972, Junior College (Pre-University College) in the Year 1977, Undergraduate College affiliated to Bangalore University in the year 1998 and Adventist College of Nursing affiliated to Rajiv Gandhi University of Health Sciences in the year 2006.

This Institution boasts of training, nurturing and educating thousands of young people who have today, occupied prominent positions not only in India, but also across the globe.

## VISION

We strive to expand the horizons of the mind of our students offering a holistic program molding the young minds, in order to inculcate a spirit of cooperation, planning and commitment.

## MISSION

Our Mission is to transform the lives of our students, by offering a value centered higher education, by emphasising academic excellence and practical application of skills designed to lead our students in service to God and mankind.
